NOTE

Specifications and equipment may change at any time without notice. photographs shown may include non-standard extras. Please consult your Haines Hunter Dealer for specific model information. Gelcoats used are of the highest standard. The product is however subject to the effects of ultra-violet and some colour change will occur. It is recommended that a polish with a U.V. inhibitor be used to protect the surface.

HULL STRUCTURE

Completely hand laid using:

- Isophthalic gelcoat & laminating resins for extra strength and water resistance.
- Multi-layered chopped strand mat with full length woven rovings
- Infusion Laminated structural hull liner

DECK STRUCTURE

- Isophthalic gelcoat
- Orthophthalic resin system, gunstock
- PVC foam core

Supported by our 5 year structural hull warranty. Haines Hunters are amongst the most sought after craft in New Zealand. Our attention to detail ensures that each hull exhibits maximum strength and performance.

All mouldings are completed in a temperature and humidity controlled environment using resins, gelcoats and glass fibre to internationally recognised standards.
